(b) if so, what are the reasons therefor;

(c) what progress has been made in the development of the indigenous GTX-35 engine which were to be fitted in the Light Combat Aircraft; and

(d) what are the reasons for the delay in the production of GTX-35 engines?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (DR. RAJA RAMANNA): (a) No, Sir. However, limited number of US F-404 engines have been procured for initial prototypes of Light Combat Aircraft. The production version of LCA is proposed to be powered by an indigenous engine.

(b) Not applicable.

(c) The detailed design of components is in progress. The material specification for different components have been identified Forging drawings for components have been completed. Test plans for components and engine have been finalised.

(d) The project is progressing on schedule and the engine is likely to be type certified by 1996 and cleared for production.

Ganga Action Plan
